

"Point of Impact" Supplemental Parental Curriculum

Newly licensed teen drivers are not necessarily safe drivers. Parents are the first and best source for teaching their children. A parent's role is very important before AND after the student receives their license. Learn the importance of playing a role in developing the safe driving skills of your youth. Some of the curriculum topics that will be included are; Graduated driver licensing, safety risks associated with novice drivers, and potential influence of adults on driving behavior of novice drivers.

Every driver under the age of 18 who completes behind the wheel instruction and is testing for a provisional driver's license must submit a driving log. Parents/guardians have two options regarding the supervised driving log:

- Option 1** Complete a supplemental parent class provided by a driver education program approved in Minnesota, and then submit a supervised driving log showing their teen has completed at least 40 hours (2,400 minutes) of supervised driving, 15 (900 minutes) of which are nighttime hours;

"Point of Impact" Supplemental Parental Curriculum Night for Parents

Free presentation for all parents

***dates posted on website, offered 2 times a year by us. If dates are not listed and your interested in the class, send us a message and we will notify you when the dates have been posted.**

- Option 2** If the parent/guardian chooses to not complete the supplemental parent class, the driving log must show that their teen has completed at least 50 hours (3,000 minutes) of supervised driving, 15 (900 minutes) of which are nighttime hours.

Parents/guardians are encouraged to provide as many additional driving hours with their teen as possible to prepare them to become a safe driver. The driving log must be presented at the time of the road test and submitted with the application for the provisional license.
